

# Does Democracy Drive Income in the World, 1500-2000?

Jakob B. Madsen, Paul A. Raschky and Ahmed Skali  
*European Economic Review*

## REPLICATION FILES

**The folder "Replication Files" contains the following files:**

[Note: Files have been prepared using Stata/SE 12.1]

### **Two Stata .do files:**

- *EER-D-14-00083\_Estimates\_T1\_T7.do*:
  1. Computes descriptive statistics for the panel dataset for the period 1820-2000 presented in Table 1.
  2. Generates the results presented in Tables 2 - 7.
- *EER-D-14-00083\_Estimates\_T8\_T9.do*:
  1. Computes descriptive statistics for the cross-section dataset for the period 1500-2000 presented in Table 8.
  2. Generates the results presented in Table 9.

### **Two Stata .dta data files:**

- *EER-D-14-00083\_data\_PANEL\_1820\_2000.dta*:

The file contains panel data at the country year level for 141 countries from 1820 - 2000 (10-year periods). This data is used in Tables 1-7.
- *EER-D-14-00083\_data\_CS\_1500\_2000.dta*:

The file contains cross-sectional data at the country level for 99 countries (1500-2000). This data is used in Tables 8 and 9.
